These steps below are for the web browser site. Please use this initially to set up your account and to follow the steps below.

Visit [StartYourDisneyExperience.com](https://startyourdisneyexperience.com) to begin. Create an account, or log into your existing one.

After you are logged in, hover over “My Disney Experience”, and choose “My Plans” from the drop down menu.

Scroll down, and you should see 5 circles. Hover over “Family and Friends”, and click “Add Guest”. Enter the first and last name of each person on your booking as it shows on your confirmation. Assign each person a character icon.

Next, hover over “Resort Hotel”. Click on “Link a Reservation” and enter your resort reservation number {attached to this email} and the last name of the lead guest. ***If you cannot locate it, please ask and I am glad to resend!***

There should be three circles lit up in blue ~ Family and Friends, Resort Hotel, and Park Tickets.

Then, hover over “Theme Park Reservations”. Choose which park you would like to visit each day of your trip.
