

# Using Mobile Order at Walt Disney World

Mobile Order is quite possibly my favorite aspect of My Disney Experience. It is a HUGE timesaver, and I suggest all my guests learn how to use it and take advantage of it.

Before you head towards your next Quick Service dining location, complete a Mobile Order on the My Disney Experience App.

Once you arrive, your food will be ready and you can easily pick it up from a dedicated line and avoid the masses.

**I love to review the menus while waiting in line for a nearby attraction. As soon as the ride is over, I click “I Am Here” and by the time I get to the restaurant, my food is waiting. Mobile Order is my favorite function in My Disney Experience.**

## THE STEPS

- **Set Up Your Order via My Disney Experience**

Begin by selecting “+” on the home screen. Then, choose “Order Food.” Pick an available restaurant, and make your selections. You can even customize certain menu items to your taste. Once you’ve reviewed your details, you can pay for your order using a credit card, debit card, or Disney gift card.

- **Let Them Know When You Arrive**

As you get closer to the restaurant, select the “I’m Here, Prepare My Order” button so the kitchen knows to start on your order.

- **Pick Up Your Order**

While they prepare your order, take this time to find a table and unwind with your group. You’ll receive a notification from the app when your food is ready to retrieve at the counter with the “Mobile Order Pick Up” sign.

- **Enjoy!**

Mobile ordering is now available at a variety of locations throughout Walt Disney World Resort, so you can continue to spend less time waiting in line for food during your visit to the parks, your Walt Disney World Resort, and Disney Springs.

With this service, your family can order ahead of time from wherever they happen to be, skip the order line, and head directly to the pick-up counter where Cast Members deliver their food – helping you save time to enjoy all there is to see and do at Walt Disney World Resort.
